

Coating 2009™

West a regional event

Abstract Booklet Table of Contents

1. Job Shop Powder Coating Selling
“Good” - “Better” - “Best”

Speaker: Mike Cravens, IKON Powder Coating / Powder Finishing Consultants, Inc.

2. Coating Options for Agricultural & Construction Equipment

Speaker: Rodger Talbert, The Powder Coating Institute

3. Advanced Powder Coating: You Want Answers?
We’ve GOT Answers

Speakers: Ron Cudzilo, George Koch Sons; Terry Giles, Henkel;
Jerry Trostle, Wagner; Steve Houston, The Powder Coating Institute

4. The Ins and Outs of IR & IR Applications

Speakers: Mark Gentry, Advanced Energy;
Tom Bannos, Red-Ray Manufacturing; Gary Metzger, ITW BGK;
John Podach, Fostoria Industries

5. Powder Coating Booths

Speaker: JB Graves, Wagner Systems Inc.

6. Batch Operations

Speakers: Nick Liberto, Powder Coating Consultants &
Ken Kreeger, Nordson Corp.

**7. Achieving Better Pretreatment Performance from Manual
Spray Wand Systems**

Speaker: Don LaFlamme & Matt Roeser, Coral Chemical Co.

Copyright © 2009 Goyer Management International

8. Basic Processing of Porcelain Enamel Coatings, Physical Properties and Major Products

Speaker: Cullen L. Hackler, Porcelain Enamel Institute, Inc.

9. BOMAG: From Batch to Automatic

Speakers: Bruce Bryan, Wagner Systems Inc. & John Sjudges, Midwest Finishing

10. Energy Savings: Lean, Green Pretreatment Breakthroughs for Custom Coaters

Speaker: Ken Pelak, Broadmoor Products

11. Powder Coated Agricultural Machinery: A Case Study on Horsch Maschinenbau GmbH

Speaker: Curtis Widerholdt, ITW Gema

12. They ARE Different: Aircraft Paint Booths

Speaker: Rich Thelen, Global Finishing Systems

13. Marketing a Small Business in a Big Business World

Speaker: Steve Houston, The Powder Coating Institute; Andy Brink, DuPont CoatingSolutions; Joey Golliver, Powder-X

14. Trailer Expert Coats the Professional Way: A Case Study on Krone Fahrzeugwerk GmbH

Speaker: Jeff Hale, ITW Gema

15. FPL Etch Versus Phosphoric Acid as an Adhesive Surface

Speaker: Anne Deacon Juhl, AluConsult

16. Pretreatment Basics for Electrocoating

Speaker: David George, Henkel

17. Recent Developments and Trends in the US Army CARC Coatings

Speaker: John Mort, Hentzen Coatings

18. Energy Recovery for Paint Finishing Systems

Speaker: Len Kobylus, Klingenburg, USA LLC

19. Maximizing Coating Line Profitability by Utilizing Proper Hanging and Masking Practices

Speaker: Scott Rempala, Mighty Hook

20. Understanding and Managing your Finishing Costs

Speaker: Tim Milner, JIT Powder Coating

21. Environmental Footprint – Liquid vs Anodize vs Powder

Speaker: Dave Heflin, Akzo Nobel

22. Aerospace and Defense OEM & MRO Cleaning Challenges

Speaker: Jim Malloy, Kolene Corp.

23. Innovations and Emerging Powder Coating Technologies

Speakers: Paul Mills, Pi Star Coatings; Craig Dietz, Trena Benson;
Jack McKeague, DuPont Coating Solutions

24. Using the Latest Liquid Application Technologies to Maximize Finishing Operation Performance

Speaker: John Patry, EXEL North America

25. Powder Coatings to Meet AAMA Specs

Speaker: Tabitha McLeish, Rohm & Haas

26. Non-Hexavalent Chromium Seals for Anodic Coatings

Speaker: Alp Manavbasi, METALAST International

27. I Want to Spray Two-Components: What Are My Options?

Speaker: Tom Matthey, Wagner Systems Inc.

**28. Powder Coating Job Shop Management
"Pricing for a profit"**

Speaker: Mike Cravens, IKON Powder Coating /
Powder Finishing Consultants, Inc.

**29. The Trip from Liquid to Powder Coating –
A Case Study: AR Iron**

Speakers: John Cole, Parker Ionics; Doug Smilor, DSE, Inc. & Tony Sclafani, AR Iron

30. Drop and Give Me Powder Coating!!!

Speaker: Marty Vicens, Nordson Corp.

**31. Flexible Robotic Technologies for Today's
Coating Challenges**

Speaker: Keith Torp, FANUC Robotics

**32. Approved Applicator Certification Process: Aluminum
Extrusions & Fabrications**

Speaker: Tom Grady, Sherwin-Williams

33. Quick Color Change from Three Perspectives

Speakers: Ken Kreeger, Nordson Corp.; Chris Merritt, ITW Gema; Bruce Bryan, Wagner Systems Inc.

34. New Developments in Liquid Spray Booth Design

Speaker: Tom Neeley, George Koch Sons, LLC

35. PCI Custom Coating Certification Program

Speaker: Steve Houston, The Powder Coating Institute

**36. Chromium-Free Aluminum Pretreatments: New Technologies
Increase Your Options**

Speaker: James Renshaw, Chemetall

**37. Environmentally Friendly Intumescent Coatings for
Munitions Containers**

Speaker: Ms. Pauline Smith, U.S. Army Research Laboratory

38. Sustainable UV

Speakers: Mike Kelly & Dan Sweetwood, Allied PhotoChemical

39. Best Practices for Electrocoat Systems

Speaker: Ed Ross, UFS

40. Safety Codes for Spray Booths

Speaker: Marty Powell, Global Finishing Systems

41. HELP! My Finishing System Uses SO Much Energy! How Can I Reduce It?

Speakers: Sherrill Stoenner, Pneu-Mech Systems Mfg., LLC

42. Coating Windmills

Speaker: Hans Wolf, Wagner Systems, Inc.
